

SME Application Social Screening Form (SSF)

This Social Screening Form (ESSF) has been designed to assist in screening of SMEs for any potential adverse social impacts as part of Grant evaluation. The form is designed to place information in the hands of evaluators in the CIFP and Caribbean Export, so that impacts and their mitigation measures are determined. The Form contains information that will allow reviewers to determine the characterization of the prevailing social environment with the aim to assess the potential social negative impacts of the Grant.

PART B: SOCIAL SAFEGUARDS SCREENING FORM

| | SOCIAL SAFEGUARDS SCREENING INFORMATION | YES/NO | REMARKS/MITIGATION MEASURES |
|----|---|---------------|------------------------------------|
| 1. | Would the proposed project have social impacts that could affect disabled persons or other vulnerable groups? | | |
| 2. | Is the project likely to significantly impact gender equality and women's empowerment ¹ ? | | |
| 3. | Will the proposed project have variable impacts on different ethnic groups, or social classes? | | |
| 4. | Will the proposed project have any specific human rights implications? | | |

¹Women are often more vulnerable than men as it relates to resource scarcity. They typically have weaker and insecure rights to the resources they manage (especially land), and spend longer hours on undertaking labour. (OECD, 2006). Women are also more often excluded from other social, economic, and political development processes.
